- Tamper-Resistant (TR) Receptacles keep you and your family safe
- Reduce energy consumption and enjoy Wireless Home Automation
- Enhance the value and technology of your condominiums and homes
- Measures energy usage of any connected appliance/device

Description

The ZW15RM TR Duplex Receptacle is a perfect wireless manual and remote on/off control replacement of regular receptacles, controlling table and floor lamps, small appliances, etc. This ZW15RM TR Duplex Receptacle provides two different type outlets. One outlet with Z-Wave mark has programmable functions such as scenes, association, schedule event, etc. It can be added to most Z-Wave compliant controllers, and a Blue LED on the face cover indicates the status of the controlled outlet and/or act as a night light. The other outlet with Tamper-Resistant feature provides constant power, helps you and your families prevent electrical injuries. This ZW15RM TR Duplex Receptacle also meets the 2011 NEC code requirement.
